EASTER GIFT BY CZAR

RUSSIAN RULER CONFERS RELIGIOUS FREEDOM UPON HIS SUBJECTS.

MAY WORSHIP AS THEY WISH

ALL RELIGIOUS RESTRICTIONS REMOVED FROM MILLIONS OF PEOPLE.

St. Petersburg, May 1.—Real religious freedom conferred upon his subjects by Emperor Nicholas as an Easter gift is an historic event of the highest significance in comparison with which the remission of millions of dollars of taxes to the peasantry, a long list of decorations and six pages of promotions of bureaucratic officials are hardly worth comment.

Liberty of conscience has been repeatedly proclaimed and Procurator Pobedonostzeff in his famous reply to the evangelical petition of 1888 contended that it existed in the empire. The fact is that as a trying place all religions have been tolerated in Russia, but none has been allowed to trespass upon the orthodox faith as enunciated from the mosque that faces the church on the Nevsky Prospect in St. Petersburg. People were free to remain in the faith of their fathers, but were prohibited from making proselytes.

Persecutions of every kind were directed against the dissident sects, especially the old believers. Against the dissidents are enumerated a thousand and one peculiar heresies.

The old believers who cling to the old liturgy and make the sign of the cross with three fingers instead of two were broken up into numerous sects, some discarding crosses and sacraments, while others instituted an episcopate and priests of their own and dealt with all innovations from the west as inventions of the anti-Christ, eschewing tea, coffee and sugar and considering shaving wicked. These latter survived countless persecutions for years, but nevertheless became commercially the ablest class in Russia. Morality and wealth were the secrets of their strength. This branch of the old believers includes merchant princes of Moscow.

Had a Much Harder Time.

The humbler dissenters have had a much harder time, being hunted down until secretly they gave rise to a brood of strange sects. One preached redemption by suicide and a fiery or a bloody baptism, others worshiped images of Napoleon as the Messiah, believing he escaped to Siberia and would return some day and establish a reign of justice and peace, and still others, which are now practically wiped out, indulged in most licentious rites. The Stundists and Molkans of Southern Russia are now the principal native nonconformists. There are in all about 12,000,000 of these dissenters.

The emperor's act will also affect about 40,000,000 belonging to alien faiths, such as the Jews, Catholics and Lutherans of Poland and the Baltic provinces, the Protestants of Finland and the followers of Islam and Buddha in the Ural, the Crimea, the Caucasus, Turkistan and Central Asia. These figures are only approximate, as probably millions who are nominally orthodox, secretly profess other religions.

While the emperor's approval of the action of the committee of ministers distinctly holds to orthodoxy as the state religion and creates the usual commission to work out many details in connection with the offspring of mixed marriages during minority, legitimization of marriages, registration of deaths and births, it also rescinds a number of acts aimed specifically at various religions and establishes the principle of absolute freedom of worship and the right of every Russian who becomes of age to change his confession of faith. It also contemplates relief of Catholics and Poles from the present vexatious restrictions as to preaching the catechism, the Russian language, etc. The emperor has accepted the axiom of the metropolitan Antonius "you cannot hold strange children against their will," and recognizes in religious variety good for the nation as well as for the church itself, a principle which, if acknowledged politically, would mean a federated Russia.

WITH RELIGIOUS SERVICES.

Russian Army Celebrates Its Second Easter in the Field.

Gunshu Pass, Manchuria, May 1.—The Russian army here celebrated its second Easter in the field with the traditional religious services and observances. Special Easter feasts were prepared for the soldiers, giving them a respite from their usual duties wherever possible.

Information obtained from prisoners and captured mail shows that the dis-

position of the Japanese armies is as follows:

General Nodzu, the region between Tie pass and Kalyuan; General Oku, from Tie pass westward of the railway; General Kuroki, from Tie pass eastward of the railway; General Negi, from Fagoman to Changtufu; General Kawamura, northeast of Mukden. The weakest forces of the Japanese are in the region about Mukden, while the principal concentration is in the region of Tie pass.

PASSES OFF VERY QUIETLY.

Easter Sunday Unmarked by Disturbances in Russia.

St. Petersburg, May 1.—Easter Sunday, which is the occasion in Russia of a general interchange of visits, both official and personal, and of generous hospitality, passed off with entire quiet in St. Petersburg and no disturbances in the provinces have been reported. In the factory quarters of St. Petersburg police and Cossacks were much in evidence, manifesting their presence by constant patrolling, but there was no occasion for their services and it is thought the situation is well in hand. The situation has none of the ominousness of the eve of Jan. 22.

In Poland, however, serious trouble is feared. There was rioting on a small scale on Saturday in one or two Polish industrial centers. As a precaution and to avoid possible complications with foreign powers, the governor general of Warsaw has sent a circular to the consuls there requesting that they warn those of their particular nationality of the danger of venturing into the streets in case disturbances should occur.

From Kishineff, where attempts to stir up the Jew-baiting sentiment have caused the clergy to exhort their congregations to preserve order, no demonstrations have been reported.

RUSSIANS DEFEAT THE UAPS.

Drive Them From Five Positions and Occupy Tung-husiang.

St. Petersburg, May 1.—General Linevitch in a message to Emperor Nicholas says:

"Two Russian forces on the night of April 29 simultaneously attacked the Japanese near the town of Tung-husiang, driving them from five consecutive positions and occupying Tung-husiang."

NEAR HAINAN ISLAND

BOTH RUSSIAN SQUADRONS ARE REPORTED TO BE IN THAT NEIGHBORHOOD.

Tsingtau, May 1.—It is reported that the Russian Second Pacific squadron, together with the Russian Third Pacific squadron, are near the island of Hainan.

London, May 1.—The Daily Telegraph's Tokio correspondent says: "It is stated here that the whole of the Second and Third Russian Pacific squadrons will join forces on the morning of May 5."

Hongkong, May 1.—The steamer Stettin, which has arrived here, sighted from thirty to forty vessels of the Russian Second Pacific squadron in Honkohe bay, about fifty miles north of Kamrah bay, Thursday afternoon. Two cruisers, which had their decks stacked with coal, signalled the Stettin to stop and questioned her. The fleet was preparing for sea.

ARMY OFFICER SUICIDES.

Ends His Life After Trying to Kill a Subordinate Officer.

Salt Lake City, May 1.—Captain W. A. Raibourne, Twenty-ninth infantry, U. S. A., committed suicide at Fort Douglas during the day after making a murderous assault on Lieutenant William H. Point, also of the Twenty-ninth infantry. Point was shot twice by his superior officer, one bullet penetrating his left thigh and another inflicting a deep flesh wound in his right leg. After Lieutenant Point had fallen, Captain Raibourne turned his revolver upon himself, sending a bullet into his head. He died instantly. Captain Raibourne had been drinking heavily and the tragedy was an outgrowth of his arrest on Tuesday last on a charge of drunkenness.

STATEMENT BY DR. KOCH.

Defendant in Murder Trial Says Witnesses Testified Falsely.

Mankato, Minn., May 1.—"More than one of the witnesses for the state have told on the stand what's not true. I know this to be a fact, and my attorneys will prove it. Mark my word; before the close of this trial there will be a sensational exposure of the testimony of certain witnesses for the state, and this exposure will be of sufficient importance to arouse sudden respect, I tell you that."

Dr. George R. Koch, on trial here charged with the murder of Dr. Louis A. Gebhard at New Ulm, thus spoke more freely of his trial than was his custom.

H. F. MICHAEL CO'S Daily Store News

In Our Suit Section

We cannot tell how much more of this kind of weather the weather man has in store for us. There is only one thing to do and that is to prepare for it. There are very few evenings that a COVERT COAT will not be comfortable for the next four or six weeks. Our selection will not be as complete again this season as it is at present. We have some most excellent styles at \$6.00, \$8.50, \$9.00, \$10.00, \$15.00 and \$16.50. Ours have a distinction of style that makes them most desirable.

Rain Shine Coats

No other garment possesses as many desirable features as does the Cravenette. They have been termed the Rain Shine coats as a consequence. They have style as well as being the most sensible garment a lady may possess. Our line of these coats is yet quite complete.

Fashion Notes

- Silks are gaining in favor everywhere; especially for skirt waist suits
- Fancy ribbons are more prominent now than they have been for many seasons.
- White French lawns will be worn by graduates this year.
- White Habatai silk are still very popular for waists. Its washing qualities are unequalled.
- Lace and embroidered hosiery is in greater demand than ever. Tan and biscuit shades especially.
- Ombre Veils are among the new novelties quite popular at present.
- Embroideries are being used in great quantities this season. Manufacturers have produced some fetching styles.
- Lingerie Waists will be found in every well dressed ladies' wardrobe.

Of course all of fashion's favorites are to be found at the H. F. Michael Co's.

DESIRE INVESTIGATION

LABOR LEADERS WANT PRESIDENT ROOSEVELT TO LOOK INTO TROUBLE IN CHICAGO.

BEFORE TROOPS ARE USED

STRIKERS WOULD HAVE HIGH OFFICIALS THOROUGHLY INVESTIGATE CONDITIONS.

Chicago, May 1.—Anticipating that the day's peace conferences in Mayor Dunne's office would be futile, the Chicago Federation of Labor, without waiting for announcement of the result of the negotiations, appealed to President Roosevelt and Governor Deneen for assistance in the teamsters' strike. Fearing that troops may be sent to Chicago to preserve order during the strike, the labor organization has asked both the president and the governor to investigate the situation in Chicago before taking any such action. President Roosevelt will visit Chicago May 8, but it is the intention of the labor body to get in communication with him immediately.

A determined effort on the part of Mayor Dunne and his peace committee, composed of five citizens, one of whom was a woman, to bring about an amicable settlement of the strike was an absolute failure, and all peace negotiations for the present at least have been declared off.

The indications now are that the strike is bound to spread to other firms. Both sides seem determined in the stand they have taken. All members of the employers' association will insist on all of their union teamsters making deliveries to the concerns already involved in the strike. A refusal on the part of any driver to comply with this request the employers declare will be met with instant dismissal. The teamsters' union has declared that in every instance where a union teamster is discharged for this reason, every union driver employed by the firm making the dismissal will be ordered on strike. With both sides in this frame of mind, there seems to be nothing which can prevent a rapid spread of the strike.

Streets Crowded With Wagons.

Chicago had on her working clothes Sunday. From early morning until late at night the downtown streets were crowded with heavily laden wagons and trucks.

Believing that the fight now going on for supremacy between the Employers' association of Chicago and the union teamsters is to be a protracted one, the business men of the city took advantage of the suspension of regular business to procure an extra supply of material and supplies. Every available team was brought into use during the day for the purpose of replenishing coal bins and to obtain

other material necessary to the transaction of business. Monday being the first of May, moving day in Chicago, the furniture van in the residence districts added to the week day appearance of the city. Fearing that the furniture drivers might become involved in the difficulty, the majority of those who under normal conditions would have sought their new homes Monday, decided to take no chances and made the change Sunday.

While all these preparations were going on for an emergency, efforts were being made in Mayor Dunne's office to bring about a peaceable adjustment of the strike. A committee representing the Employers' association met a peace committee consisting of Bishop Anderson, Jenkin Lloyd Jones, Dr. Hirsch, Miss Jane Addams and Dr. Cornelia de Rey. At the end of this conference a committee representing the unions met the citizens' committee and went over the entire situation.

Appealed to the President.

The Chicago Federation of Labor was also busy considering the strike situation. Believing that the teamsters are justified in the fight they are making, the Federation passed a resolution stating that as the employers' association had decided to try to crush out of existence all labor organizations and had also decided to refuse all overtures for arbitration into the facts causing the present industrial conditions, the Federation of Labor resolved to request President Roosevelt, Governor Deneen and Mayor Dunne to investigate the situation before complying with any request for the use of troops in Chicago during the present difficulty. The president of the Federation was instructed to appoint a committee to lay the facts before President Roosevelt, Governor Deneen and Mayor Dunne.

The conferences in Mayor Dunne's office lasted six hours and the peace commission appointed by the mayor failed utterly in its efforts to bring about a settlement of the strike. The plan for an armistice of forty-eight hours was rejected by both sides, as was also an offer later made by the representatives of the labor men, who asked that a committee of five citizens be appointed to arbitrate the matter.

After the conferences, which were held in secret, the peace committee issued a statement saying no plan was found acceptable to bring about an adjustment of the difficulty, and adding:

"The representatives of the employers refused to accept any commission or means of arbitration which was suggested, while the laboring men declared their readiness to acquiesce in the plan of submitting the controversy to persons commanding the respect and confidence of the community."

Plan to Resist Lawlessness.

The police department took advantage of the lull in the strike to make plans for the disposition of the police force for resisting any lawlessness which may develop. Announcement was made at night by Chief O'Neill that the police are to take a tighter grip on the situation than ever this week.

Nine hundred extra policemen will be put on duty in the downtown district during the day. The streets were free from rioting.

as no effort was made to make deliveries to the firms involved. The employers spent the day in making preparations for the coming week and it was stated that hundreds of men had been secured since Saturday who will be put on wagons.

Early in the day a mob of 500 men and boys, headed by a number of striking teamsters, raided the main stables of the Employers' Teaming company and stamped the animals. This was a violation of the federal injunction issued by Judge Kohlsaat. The names of the union men involved, it is said, have been secured and they will be brought into court.

William and Harry Grady, picture frame manufacturers, who were shot early in the day and seriously wounded, are said to have been the victims of a misunderstanding. Some time ago these men supplied Montgomery Ward & Co. with picture frames, but their contract expired several months ago. It is said by the police that strike sympathizers who were of the belief that the Grads were still connected with the Ward company, made the attack on the two men.

BAD TEXAS TORNADO

TWENTY-ONE PERSONS KILLED AND SCORES OF OTHERS SERIOUSLY INJURED.

Laredo, Tex., May 1.—Twenty-one people dead, scores more injured, many rendered homeless and great damage to property, sums up briefly the result of a tornado which during the night tore through Laredo and New Laredo, across the Rio Grande. Rumors of others killed in nearby places are current, but lack confirmation.

People were crushed to death by the falling of the heavy walls of adobe houses. Trees, fences, telegraph and telephone poles, corrugated roofs, chimneys, walls and debris of all imaginable kinds strewn the streets.

Houses have been turned into hospitals. Physicians are busy attending to the injured and it is thought no additional deaths will result. Dr. Hamilton of the United States marine hospital service has placed 150 tents with equipment at the disposal of the homeless.

The property damage is heavy. Not one of the group of magnificent buildings of the city escaped damage. How any one quartered in the various institutions escaped is considered miraculous, as the walls were totally demolished.

The storm made its appearance from the southwest, in the northwest corner of Lampasas, Mex., 125 miles from this city, and it is supposed that great havoc was wrought in that locality, although it is not thought that any loss of life resulted.

Two Men Killed.

Philadelphia, May 1.—Two men were killed at night by the explosion of a tank in the electric light plant at the Broad street station of the Pennsylvania railway. The dead are George D. Tollinger, aged sixty-two, and George Hoey, aged thirty-five.

WHEN THE PROPER TIME COMES.

Miss Mae Wood Says She Will Show Her Hand.

Omaha, May 1.—"They were looking for scandal and now they have it. I shall show my hand when the proper time comes."

With this remark, Miss Mae C. Wood, who Saturday filed a damage suit for \$35,000 against Secretary William Loeb, Robert J. Wynne and J. Martin Miller, closed an interview Sunday night.

Miss Wood was asked in what particular Secretary Loeb was connected with the matter. She declined to answer the question directly, but admitted that she had never seen Mr. Loeb and that she knew of no reason why he should take any part in the New York affair, but still refused to say in what manner she would connect him with it.

Miss Wood recited over again the allegations contained in her petition filed in the district court. To J. Martin Miller she gave the credit of instigating the intimidation and other acts named in her charges.

BAD FIRE

Alex Lind Saloon on Laurel Street Guttered This Morning at an Early Hour

FIRE OF UNKNOWN ORIGIN

Building is Owned by Brewing Company is Covered by Ample Insurance

There was another bad fire in Brainerd this morning about 3 o'clock. The fire was not bad to the extent that there was any considerable amount of property lost but the fire at this time following so many fires in the city makes the loss the heavier. The building which was burned was the property of the Brainerd Brewing company. It is located just east of the National hotel. Alex Lind conducted a saloon there.

At the time the fire started there was no one in the building and it was not until the entire second floor was a mass of seething flames that it was discovered.

The fire department made a quick run and did effectual work, keeping the fire from spreading to the adjoining buildings, but they could do nothing to save the building.

The loss on the building will be about \$500. It was insured in one of the Keene & McFadden companies for \$500 which will cover the loss. A. Lind had \$900 insurance on his stock in one of M. E. Ryan's companies.

NORTHERN LEAGUE

"Mr. E. H. Kent, president of the Northern base ball league, was in the city for a few hours yesterday, having just returned after conveying a party of settlers to the Saskatchewan valley. A wire called him west again last night. Mr. Kent says the base ball germ is busy all over the Northern circuit, and from present prospects this promises to be the banner season for the sport. Interest is greater than ever, and the establishment of the salary limit serves to place all the towns on an equal footing, and assures a race for the pennant right from the start.

"From the men now on the Winnipeg roster, Mr. Kent believes the Maroons of 1905 should prove a winning combination. Green, Howard, Bradley and Flaherty should all be stars in the league. "In the other cities of the circuit, prospects are also bright. All over the fans appreciate the fact that the league will be conducted on business-like principles, and hearty support is assured all along the line."—Winnipeg Free Press.

The Crookston Northern league ball players will assemble in that city today, with Manager Billy McNeil at the helm. One of the fastest teams that ever represented the city has been signed.

The Maroons went up against their first bad luck experience of the season yesterday, when a brief message was received from Manager Wilson, announcing that he would be unable to report and take charge of the team.

Our boy had been troubled in this way at night, but Doan's Kidney Pills which we got at H. P. Dunn & Co.'s drug store, gave him prompt and effective relief. MUSIC AND DRAMA.

"A LITTLE OURCAST" TONIGHT.
From the first to the last, "A Little Outcast," which comes to the Brainerd opera house tonight is said to be a strong story of adventure, love and humor. It is constant in action, often thrilling, while its story is consistent and interesting.

"A Little Outcast" was written for men and women who realize the evil in the world and what this modern complex civilization of ours loses by its insane worship of the good, of "getting on," worship of wrong doing, of false friends and fear of the world's censure, such a story is written around the lives of Paul Weston and George De Voe in "A Little Outcast" and it might be the story of any two men in ordinary life. It is on the lines of human interest that "A Little Outcast" forges ahead of its compeers.

THE HOTTEST COON IN DIXIE

"The Hottest Coon in Dixie" is announced for May 5. "The Hottest Coon in Dixie" not only can boast of a membership of good voices but the music itself has been fairly well written for it. It is of the bright and catchy character which instinctively sets the feet in motion and the voice to humming. It is rich in solo numbers, duets, trios, quartettes and concerted pieces. There is dancing galore and a very Niagara of irresistible laughter. The girls are pretty, and the men talented. The company is headed by that continent wide celebrity, Miss Mamie Blanton, the Melba of her race.

MACHINERY HAS ARRIVED

Machinery for the Cultivation of Beets Arrived in the City This Morning

WILL BE DISTRIBUTED AT ONCE

Large Number of Farmers Sign Contracts to Take Seed to Give Industry Trial

The machinery for the cultivation and harvesting of sugar beets arrived in the city this morning from Minneapolis. A few days ago a representative of the Minnesota Sugar company was in the city and a meeting of the farmers was held in the warehouse of the Brainerd Grocery company to discuss the sugar beet industry and the feasibility of giving it a trial in this county. Considerable enthusiasm was manifested and a large number of farmers signed contracts to take seed from this company and give the crop a thorough test in this county.

One of the conditions of the contract was that the company would furnish machinery for the planting, cultivating and harvesting of the crop. About a carload of this machinery arrived in the city this morning and F.B. Congdon, of Oak Lawn, has the contract to distribute the same. There are seeders, cultivators and pullers and this concession on the part of the company will be great help to those who will engage in the business.

BRainerd BOYS WON

High School Team Beats the Aitkin High School Team in a Hotly Contested Game on Saturday

Brainerd high school 13; Aitkin high school 12.

There was something doing at Athletic park Saturday afternoon when the first game of base ball of the season in Brainerd was played between the Brainerd and Aitkin high school teams. A week before Brainerd went down to Aitkin and were defeated but this time Brainerd got sweet revenge by playing all around the Aitkinites. While the score run high this should not be taken as an indication that it was not a game up to the standard. The game was on the contrary, a very good one and there were some very good individual playing.

For Brainerd Boyle was in the box and young Quinn Parker was at the receiving end. The latter following in the footsteps of his worthy sire, Sam Parker, who "could not be lost on the pike" in the days when Brainerd had a champion team, caught a star game to the surprise of all his friends. Boyle pitched a good game. Spalding and Lowell did the heavy work for the Aitkinites and Spalding in the box did effective work striking out fourteen of the locals during the game.

In the first inning it looked as though there was trouble in sight for the Brainerd boys for the Aitkinites got next to Boyle and pounded out one, two and three baggers like a lot of Indians and when the spasm was over they had seven runs to the good. Brainerd up, however, nearly turned the same kind of a trick, running in five scores. Both pitchers were steadier after this inning and throughout the game there was interest.

Up to the ninth Brainerd and Aitkin were tied, but Aitkin pulled up one in the ninth inning. It was up to Brainerd to do something in the ninth and they seemed equal to the occasion. Jenkins struck out for Brainerd but Ahear, who has his batting clothes on this year, was the next up and he slammed one square on the nose and this started the fireworks and the boys run in two scores, enough to lead the Aitkinites and they quit.

It was a very good game throughout and was witnessed by a large number of people.

The following were the lineups of the two teams:

Aitkin	Brainerd
McKay.....3b.....	Olson
Spalding L.....p.....	Boyle
Gregg.....1b.....	Jenkins
Spalding M.....2b.....	Ahear
Lowell.....c.....	Parker Q.
Butler.....lf.....	Hagberg

The following was the score by innings:

Brainerd—	5 0 0 0 1 2 2 1 2 13

THIRTEEN ENTOMBED

OKLAHOMA MINERS ARE BURIED BY A TERRIFIC EXPLOSION OF DYNAMITE.

ALL SUPPOSED TO BE DEAD

EVERY MAN IN THE MINE PRESUMABLY KILLED AS RESULT OF THE ACCIDENT.

Wilburton, Okla., May 1.—Thirteen miners were entombed and probably killed by an explosion early in the day in the Missouri, Kansas and Texas Coal company's mine No. 19. No bodies have been recovered.

The men went into the shaft at midnight Saturday night. Foreman Ray of the shift that left the mine at that hour states that the mine was in good condition and a gas explosion was hardly possible. His shift left a shot hanging which the new shift may have fired. It is suggested, from the force of the explosion, which could be heard for miles around and which tore heavy timbers aside and piled tons of dirt into the shaft, that a bad shot had set off some dynamite which had been stored conveniently for work.

FUNERAL OF JOSEPH JEFFERSON.

Remains of the Noted Actor Laid Away at Bayview Cemetery.

Puzzards Bay, Mass., May 1.—Following services that were impressive in their simplicity and suggestive of the character of the distinguished actor, the body of Joseph Jefferson was Sunday laid away at the Bayview cemetery in Sandwich.

Mr. Jefferson's five sons, a score of intimate friends and 100 or more villagers gathered about the open grave while the commitment service was read; then all withdrew with the exception of Charles B. Jefferson, who alone watched the casket as it was lowered to its final resting place.

At night a police officer remained at the grave and this guard will be continued for several days.

New York, May 1.—Services in honor of Joe Jefferson, under the auspices of the Players' club, of which he was the only president besides Edwin Booth, were held Sunday at the Church of the Transfiguration, to which Mr. Jefferson many years ago gave the name of "The Little Church Around the Corner."

MINISTER BOWEN TO RETURN.

Will Probably Depart From Venezuela on May 8.

Washington, May 1.—Secretary Taft during the day heard from United States Minister Bowen at Caracas in response to the secretary's dispatch directing him to come to the United States in connection with the charges affecting Assistant Secretary of State Loomis, which were reported to the state department in a personal letter by Mr. Bowen. The minister acknowledged his willingness to come to the United States immediately, sailing May 1, but preferred that he be permitted to delay his departure from Caracas until the Monday following, so that he may have time to settle some matters before leaving. This arrangement will be satisfactory to Secretary Taft and permission was given the minister to delay his departure as suggested.

It is assumed that Mr. Bowen will avail himself of Secretary Taft's permission.

THREE FISHERMEN DROWNED.

Rowboat Capsizes in a Lake Near Omaha.

Omaha, May 1.—While five young men were fishing from a boat in Cut-off lake during the day the boat was capsized and three of their number were drowned. The dead are:

Willard Johnson, aged eighteen; George Teats, aged twenty, and Carl Lindquist, aged twenty.

When the boat capsized, the three boys started to swim ashore. The wind was so strong that they were soon exhausted and sank. William Johnson and Rollie Almsan clung to the boat and were rescued.

ENTERS UPON ITS FINAL STAGES.

Famous Patterson Trial Will End This Week.

New York, May 1.—Nan Patterson, whose trial will be resumed during the day, spent a quiet Sunday in the Tombs prison, where she has occupied a cell for almost a year. Her sister and brother-in-law, Mr. and Mrs. J. Morgan Smith, who are under indictment for conspiracy in connection with the case, are also in the Tombs, and in the morning they attended religious services. The trial will now enter upon its final stages and before the week ends it is expected the famous case will have been concluded.

Names of Jap Heroes Honored.

Tokio, May 1.—With elaborate ceremony, beginning Wednesday and ending Friday, the names of 30,866 soldiers and sailors of Japan killed prior to the battle of Mukden will be enshrined in the Spokusha temple. The ceremony is based on the national belief of the immortality of the soul and the homage due to ancestors.

TEXAS RANGERS IN CONTROL.

Assume Charge of Affairs at Hempstead, Tex.

Hempstead, Tex., April 26.—As a result of the bloody battle here Monday night when four men were killed and others were wounded, Hempstead is now under the control of the Texas rangers. Martial law has not been declared, but Adjutant General Hull arrived at night with a number of rangers and assumed charge of affairs. No one is permitted to bear arms.

Rollan Brown, the son of one of the men killed at the prohibition mass meeting, was placed under arrest charged with firing the shot which killed Congressman John M. Pinckney. He stated that his father was under the influence of intoxicants when he attended the meeting, and that he (the son) attempted to dissuade him from attending. His father was firm, however, in his intention, and went to the meeting. The son followed and took part in the shooting. It has been established that the trouble began when Captain Brown, a staunch anti-prohibitionist, attempted to secure recognition. It is said that his language was offensive to several ladies and the fusillade began immediately. Congressman Pinckney was shot four times and was instantly killed. Thomas Pinckney, a brother of the congressman, was shot twice in the back and killed, and Captain Brown received a bullet through the heart. John E. Mills, a bystander, was killed by a stray bullet.

The killings are the direct result of a prohibition movement in Waller county, which was begun some years ago, and the feeling has been intense.

AROUSES INTENSE ENTHUSIASM.

Baron Kaneko of Japan Speaks at a Dinner in New York City.

New York, April 26.—At the dinner of the Society of St. George at Delmonico's at night Baron Kaneko, the Japanese diplomat, aroused intense enthusiasm among the diners by his response to the toast "The Anglo-Japanese Alliance." He declared that he believed that the alliance, which has until 1907 to run, will be continued.

"The continuation of the alliance," he declared, "would mean that France can remain in peaceful possession of her holdings in Asia; that Germany can remain unmolested in the peninsula of Canton and that Russia will be left unmolested in her proper bounds of Siberia."

More than 200 members and guests were present at the dinner. Among the guests was Whitelaw Reid, the new ambassador to the court of St. James, who responded to the toast "The Day We Celebrate," and Sir Percy Sanderson, the British consul in this city.

THE TRIAL OF KALDERWIT.

Father of the Murdered Boy on the Witness Stand.

Anoka, Minn., April 26.—The jury which is to try Orin Kalderwit, indicted for the murder of Freddie King at Columbia Heights Nov. 22, 1904, was completed during the day. Frank Boobar being the last juror sworn. County Attorney Pratt addressed the jury, and the examination of witnesses began. Dr. Hagaman, who was cornered at that time, was the first witness called by the prosecution. His testimony was upon the course of the bullet that killed Freddie King and wounded Ed Mingo.

Mr. King, father of the murdered boy, also testified, and told the circumstances of the crime.

Attorney Fred McGee of St. Paul on the cross-examination for the defense, was unable to score a point. Leo Garscheel was next called by the prosecution to identify the handkerchiefs, a sweater muffler and a pair of overalls which were discarded by the bandits. Paul Erickson was called just as court adjourned for the day.

Mrs. Clatworthy, foreign secretary, presented "Our Year's Work Abroad." "The Treasury" was reported upon by Mrs. Kline. Miss Austin, home secretary, reported and brief reports from state secretaries were given.

UNIQUE CHURCH SERVICE.

President Roosevelt Attends One in Colorado.

Glenwood Springs, Colo., May 1.—Unique in the history of Colorado was the church service held in the Old Blue schoolhouse on the West Divide river Sunday, attended by President Roosevelt and party, the ranchmen and their families for miles around. The little district schoolhouse was not a tenth part large enough to accommodate the congregation and as a result the organ was moved to the platform in front, where seats were provided for the president and his party, Rev. Horace Mann of Rifle, Colo., who preached the sermon; the choir and the trustees of the church. The members of the congregation stood or sat on the ground or in their conveyances, which were grouped around the building. The sermon by Rev. Mann was of an unusual kind.

It began with a story, teemed with expressions of the West flavor and was the sort of advice suited to a congregation inuring itself to the hardships of mountain life. It touched on the responsibilities of the position of president, as well as the characteristics of some of the men who have occupied that exalted place. After he had concluded the president spoke for about ten minutes. He expressed his well known views on good citizenship, the morality of man, patriotism and duty to the home and country. He was cheered heartily during his remarks.

After the services were concluded he shook hands with every man, woman and child present.

The president's hunting party had an unsuccessful day Saturday, bagging only one bobcat. The hunters are not fully decided on the question of moving the camp.

NEGRO KILLS HIS WIFE.

He Then Fatally Wounds Himself in Their St. Paul Home.

St. Paul, April 26.—In a fit of insane jealousy George Mahan, twenty-four years, colored, shot and killed his wife, Hattie Mahan, also colored, and then shot and mortally wounded himself, at 559 Sibley street, shortly before 1 o'clock Friday morning. Mahan fired four shots into his wife's body, and then turning the gun on himself discharged the remaining cartridge into his left breast just below the heart. Three of the shots struck Mrs. Mahan in the right arm, shattering the bones into bits, while the last shot penetrated her heart.

When the police, who had been notified of the crime by a boarder at the Mahan home, entered the room Mahan and his wife were lying side by side on the floor, with the revolver between them. The woman was already dead, but Mahan was breathing, although unconscious. Mahan was hurried to the city hospital, where it was reported that he could not live.

Dangerous Vertigo.

Dizziness or Swimming of the Head Associated With a Sense of Fullness, Dull Pain or Nervous Sick Headache is a Certain Indication of an Outcome Apoplexy or Paralysis

Dr. A. W. Chase's Nerve Pills.

If the person subject to attack of dizziness or swimming of the head, commonly called vertigo, would only stop to realize that these symptoms are not a disease in themselves, but temporary ailments, but the plainest sort of warnings from nature of grave troubles of deeper origin, of an exhausted nervous system or of an oncoming apoplexy, epilepsy or paralysis, the matter would receive prompt attention. Dr. A. W. Chase knew this and provided the cure in his celebrated Nerve Pill, a medicine that brings back the glow of health and strength by its power to furnish just what the ily fed, half starved nervous system needs, good, rich wholesome blood and nerve force or energy.

Mr. E. Smith, of No. 1 Union Street,

Troy, N. Y., says,

I used to suffer constantly from nervous headache and dizzy spells. They came on at any time and in any place—I was never safe from them—stooping over always resulted in vertigo—my head pained me as well. I got a box of Dr. A. W. Chase's Nerve Pills and they cured the trouble rapidly, easily and completely. It is the best medicine I ever took. I am as sound as a dollar again in every particular and very glad to recommend it to any one in a similar condition as a safe and certain cure." 50¢ a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

AFTER A LONG CHASE.

Supposed Slayers of Peter Koceran Captured and Jailed.

Duluth, May 1.—After eluding deputy sheriffs and a posse of volunteer hunters from Eveleth nearly a week, during which they traveled at night and hid in the depths of the swamps in the day time, living on scraps of food found in abandoned cabins in the desolate territory between the Cloquet and the White Face rivers, Peter Lenich, supposed to be the slayer of Peter Koceran, and Luj Movinsek, who was involved in the fight which resulted in a tragedy at Eveleth last Sunday night, are prisoners at the county jail in Duluth, where is also Frank Longer, a participant in the fight.

Lenich will be arraigned in municipal court during the morning, charged with murder in the first degree and Movinsek with being an accessory.
